Manning Requirements—Pilotage

AGENCY: Coast Guard, DOT.

ACTION: Notice of designated areas.

SUMMARY: This notice lists the designated areas in the Eighth Coast Guard District for which new first class pilot licenses and endorsements will be issued by the Eighth Coast Guard District Regional Examination Centers. These areas have been designated consistent with the revised manning requirements introduced in 1994.

FOR FURTHER INFORMATION CONTACT: CDR Guy A. Tetreau, Marine Safety Division, Eighth Coast Guard District, (504) 589-3624, between 8 a.m. and 4 p.m. Monday through Friday, except federal holidays.

SUPPLEMENTARY INFORMATION:

Introduction

New first class pilot licenses and endorsements will only be issued for those areas within the Eighth Coast Guard District that have been designated by the cognizant Officer in Charge, Marine Inspection (OCMI). Eighth District Regional Examination Centers shall continue to renew existing first class pilot licenses with all previously earned endorsements.

Background

“Designated areas” are “* * * those areas within pilotage waters for which first class pilot’s licenses or endorsements are issued * * *” (46 CFR 15.301). These areas are designated by the OCMI based upon the particular hazards of the waterway involved. They are the only areas for which first class pilots licenses and endorsements are required, and for which new first class pilotage licenses and endorsements will be issued.

Maritime Administration

[Docket S-941]

Sargeant Marine, Inc.; Notice of Application for Permission Under Section 506 of the Merchant Marine Act, 1936, as Amended, To Operate in the Domestic Trade

Notice is hereby given that Sargeant Marine, Inc. (Sargeant), by application dated December 17, 1996, has applied for written permission under section 506 of the Merchant Marine Act, 1936, as amended (Act), for the temporary transfer of the construction-differential subsidy (CDS) built asphalt tanker ASPHALT COMMANDER (ex-FALCON CHAMPION) in the domestic trade, commencing on or about January 15, 1997. Sargeant states that it is scheduled to load 200,000 barrels (bbls.) of asphalt at Garryville, Louisiana for discharge in New York, New York. The cargo will be delivered at a temperature of 300 degrees fahrenheit, five days after completion of loading and must be discharged at 6000 bbls. per hour.

Section 506 permits the temporary transfer for up to six months of CDS-built vessels "whenever the Secretary determines that such transfer is necessary or appropriate to carry out the purposes of the Act." Consent by MARAD is to be conditioned upon payment to MARAD, upon such terms as MARAD may prescribe, of "an amount which bears the same proportion to the CDS paid by the Secretary as such temporary period bears to the entire economic life of the vessel."

Although publication of a Notice with respect to Sargeant's request for permission under section 506 is not required, the Maritime Administration believes that it is appropriate to provide an opportunity for interested parties to comment on Sargeant's application.

Any person, firm, or corporation having any interest in the application
